Personal Identification Number (PIN)

A Personal Identification Number (PIN) is a four digit numeric identification **known only to you**. When you insert your card into an ATM, you will be asked to enter your PIN. You will be able to complete your transaction only if your PIN is entered correctly. This is an important **safety feature**. No one else can use your card unless they know your PIN! You will receive a PIN in a separate mailing shortly after receiving your new card. When received, keep it in a safe place so that you can refer to it in case you forget it. **Don't** keep it with your card.
